TO DIE.

The jury finds Assessor Prendergast guilty, and they recommend that he be hanged for hanging.

CINCINNATI, Dec. 30.—Attorney Trude resumed his closing argument for the prosecution in the Prendergast trial Friday. He referred to Henry George, the apostle of single tax, in a manner not altogether complimentary. "I was delirious with joy," said Mr. Trude, "when I heard that Mr. Wade intended to put Henry George on the witness stand. I wish they had brought him here. He is the most audacious and pestiferous character of the century."

Judge Linton began his charge to the jury at 10 o'clock. During the course of it he said that if the jury believed a reasonable doubt that the prisoner was guilty even though they believed he was not at the time perfectly sane, sanity is an irrelevant matter. He said that the jury should not be misled by the fact that the prisoner was sane at the time of the crime, and that the jury should not be misled by the fact that the prisoner was sane at the time of the crime.

The jury returned into court at 2:25 p. m. with a verdict of guilty, and recommending that the prisoner be hanged.

The mother of the prisoner did not trust herself to remain in court to hear the result of the trial, but lingered around the corridors waiting for the first glimpse to come from the courtroom. When it came, an instant after the verdict was rendered, she tottered away, clinging to the banister for support as she descended the stairs and staggered through the excited crowd thronging the approach to the courtroom. John Prendergast, the prisoner's brother, if he was in the courtroom, left without attracting attention.

Mr. Trude and his associate, Mr. Todd, were heartily congratulated by all who were present. Preston Harrison, Esq., one of the first to reach the jail, congratulated Mr. Trude on his efforts.

MONEY NEEDED.

After the Holiday Recess Congress May Be Compelled to Consider Some Measure for the Relief of the Treasury.

WASHINGTON, Dec. 30.—Indications point to the probability that immediately after the holiday recess Congress may be compelled to consider some measure for the relief of the treasury, even before the Librarian question and Wilson tariff bill are disposed of.

In his report to Congress Secretary Carlisle's statement of the condition of the treasury was frank enough to make immediate action indispensable, but even his frankness has been outdone by the official statement of the condition of the treasury published Thursday. The treasury balance has been carried down to \$2,000,000, of which \$2,000,000 was in gold and \$2,000,000 was currency. Moreover, the receipts of the treasury are constantly running down and there is absolutely no prospect of a change for the better.

The expenditures for December have so far exceeded the receipts by \$3,300,000, making a total deficit for the first six months of the fiscal year about \$5,000,000.

The estimates for December, \$7,000,000, are the lowest for any month since 1883. The monthly receipts have been running down since the end of the month of December. A loss of \$6,000,000 a month, if continued, would not only further invade, but exhaust the gold reserve.

The receipts from internal revenue taxes have also steadily decreased. Thus, for instance, the receipts from internal revenue for the month of December, \$6,000,000 a month, if continued, would not only further invade, but exhaust the gold reserve.

The receipts from internal revenue taxes have also steadily decreased. Thus, for instance, the receipts from internal revenue for the month of December, \$6,000,000 a month, if continued, would not only further invade, but exhaust the gold reserve.

AN ADDRESS.

To the Bank and File of the Knights of Labor Societies. Unanimously Resolved Secretary Carlisle's Address.

PHILADELPHIA, Dec. 30.—A telegram has been received at the headquarters of the Knights of Labor stating that General Master Workman Sovereign had been taken suddenly ill at Philadelphia, Pa., where he had gone on the business of the order, and on the advice of physicians had hastily taken a train for his home, St. Louis, Mo.

Prior to the general master workman's departure for Hazleton he prepared an address to the rank and file of the order, denouncing Secretary of the Treasury Carlisle's request to Congress to grant him authority to issue two hundred millions in interest-bearing bonds.

The following are extracts from the document:

"The leading of bonds is an outrage upon a liberty loving people. Bonds and slavery are synonymous terms. Recent authentic statistics prove that \$60,000,000 of money have been paid out of the hands of the people of this nation into the overflowing coffers of the interest-takers at least once every six months, and that means that on an average of once every six months the people must relinquish the money that is the lifeblood of this nation."

"Society and government must take the profit of the money and put it into labor and products. As it now is, the profits of the dollars at interest absorb the profits of the dollars at production, and as dollars have no power to create other dollars, the profit of the dollars at interest must be paid out of the dollars at production, and as dollars have no power to create other dollars, the profit of the dollars at interest must be paid out of the dollars at production."

"The receipts from internal revenue taxes have also steadily decreased. Thus, for instance, the receipts from internal revenue for the month of December, \$6,000,000 a month, if continued, would not only further invade, but exhaust the gold reserve."

INCOME TAX.

Secretary Carlisle's Scheme to Tax Investments, Bonds, Etc.

Favored by Most of the Members—If the Tax on Individual Income Be Adopted, an Equal Will Be Made to Graduates, in the Favor of Heads of Families.

WASHINGTON, Dec. 30.—The ways and means committee meets Monday to consider the income tax scheme. Most members favor Secretary Carlisle's scheme to tax investments, bonds, stocks and securities. If the tax on individual income be adopted, an effort will be made to graduate it in such a way that it will fall less heavily on heads of families than upon those who have only themselves to support.

In other words the man with a family will pay a sum in tax on a given income according to the number of those dependent upon him, than a single man who has no family responsibilities.

At the meeting Monday evening the majority of the committee will be able to determine from the data at hand the amount of income on which it should be levied. Members of the committee who are not in favor of an income tax say \$10,000,000 can be raised by taxing bonds and stocks of corporations, thus rendering a tax on income unnecessary.

Mr. Wilson, of the ways and means committee, has prepared a statement showing the quantities and values of imported merchandise for 1892 and 1893, also rates of duty and duties paid for these years, together with rates contained in his bill, and has estimated the revenue to be produced under his bill based on the 1892 figures. The duty under the McKinley bill was \$172,000,000. The duty estimated under the bill for the duty period is \$172,000,000. The total duty received under the McKinley law in 1893 was \$208,433,000. Under the Wilson bill it would be \$225,000,000.

NORTHERN PACIFIC.

Seventeen Charges Made Against the Present Directors of the Road.

MILWAUKEE, Dec. 30.—A highly sensational turn was given to the Northern Pacific railroad receivership situation Thursday when John Silas W. Pettit, of Philadelphia, the general counsel of the corporation, appeared before Judge Jenkins, in the United States district court, for the eastern district of Wisconsin, and asked for the removal of the present receivers, Messrs. Thomas F. Baker, Henry C. Payne and Henry C. Rouse, and for the appointment of other receivers in their places.

The petition is exceedingly voluminous, covering 300 typewritten pages of legal copy. It makes sensational charges against Receiver and ex-President Thomas F. Baker, President Villard and R. T. Holston, president of the Farmers Loan and Trust Company of New York, and the directors of the railroad, and asks for the removal of the present receivers, Messrs. Thomas F. Baker, Henry C. Payne and Henry C. Rouse, and for

The Democratic members of the

agreed at last upon a 2 per cent.
tax on incomes of \$1,000 and over,
an increase of ten cents a gallon

The way to make 1894 a prosper-
ous year is to make it. Quit bor-
rowing trouble. Quit conjuring up
hard times. Remember that the
sun will shine, the rains will fall,
health and strength are yours,
and that your fortune is with your-
self and not with the stars. —Con-

The following language in the
report of the Secretary of the Treas-
ury will hardly meet with a cordial
reception from some of the whis-
key men: "The increase in dis-
tilled spirits, cigars and cigar-
ettes should be imposed upon all such
articles in existence, and upon
which the revenue has not been col-
lected at the time the act takes
effect."

Gov. McKinley's second inaugu-
ration will be unmarked by ostenta-
tion. The simplest ceremonies
component with the dignity of the
occasion will be conducted on lines
painfully Jeffersonian to the Re-

a time in his life when Gov. McKin-
ley should affect modesty it is now.
The condition of American indus-

Carlisle's Report.

The annual report of Hon. John
G. Carlisle, Secretary of the Treas-
ury, was transmitted to Congress
yesterday. Mr. Carlisle estimates
the revenues of the Government for
fiscal year ending June 30 next at
\$1,211,121,000, and the expenditures
for the same period at \$1,151,111,000,
leaving a deficit of \$60,000,000.
He also calls attention to a deficit
of \$2,362,000, in the shape of Pacific
railroad bonds, which will fall due
during 1894, and recommends that
Congress take action at this session
to provide for it. To meet the de-
ficit and to provide a larger
reserve fund the Secretary suggests
several courses of action. One is
the issue of 3 per cent. five-year
bonds in small amounts, to be dis-
posed of through the sale of Treasury
notes and the postoffice. Another is
the issue of \$50,000,000 in one-year
per cent. bonds at par. He does
not consider it advisable to coun-
terfeit the currency until the effects
of the Sherman purchase
system of ad valorem duties is
more fully developed.

A remarkable woman died the

many hours of enjoyment from the
perusal of its columns.

Burchett For Governor.

The Kentucky Democrat says:
"The Republicans in this part of
the State will, if he lives, present to
their next State Convention the
name of Hon. D. J. Burchett, of
Lawrence county, for Governor,
and will back his candidacy with
the solid vote of the mountain
counties."

Major Burchett is a prime favor-
ite with the people of Eastern Ken-
tucky, and would receive thousands
of votes that no other Republican
in the State could get."

Quite an earnest revival of re-
ligion is being conducted by Rev.
W. H. Austin, on Rove creek. We
wish to say that Rev. Austin, in
the capacity of squire has done a
great work in the last three months
in establishing a general prevalence
of good order, and respect by ar-
resting audacious disturbers and
trespassers of every kind upon the
law and peace of our neighborhood
and punishing them according to
law as they severally deserved.

A big working, a wedding, and a
dance was the order of Thursday
and Thursday night of last week
at Charley Haveson. Some of the
boys say the dance was a genuine
old-fashioned shin dig. Some of
the Fallburgers attended the
dances. The wedding was that of
Cous. B. Hogg and Miss Bertie B.
Fraser, and our deputy clerk
says that he has also issued one
other marriage license besides the
above, since the last report from
here, and that was to William L.
Vance and Martha May. The hap-

ulations.

George and Sam Ball, two good

GLENWOOD.

Editor big sandy news:
Dear Sirs: I have not saw any-
thing in the News from here for
some time, I that I would take
pen in hand and send you a few
lines, asking you in the beginning,
to excuse had written and told
spelling, both on which I have all
studied in minutes.

This loves us all well, also the bal-
ance of the neighborhood as far as
I know.

There has bin plenty of measles
going on about here in the last 2 or 3
weeks, an el ya low me to use the
expressions the woods are abin-
sin with religion, an it is hard to tel
at this writing when it will stop; they
don't only hole forth in the church
house, but go from one an to others
house an sing an shout for ever
more. We are sorry we can't take
a hand with the good people, for we
allers disliked pretensions, an we
think too much of their kind of re-
ligion is used now a days.

Christmas has run an gone, an
gone, an new years is near to day,
an we allers that this was a good day
for us all to make an resolutions, an
to break off from our bad habits.

Mr. Webb who keeps the store
here sold about 3 or 4 hundred
pounds of candy, an did not hev
enough to supply the demand for
day.

Mrs. Hildebrooks an her son Jon
will start in the morning for an ex-
tended visit to friends at Fronton
and Catlettsburg. They will be
gon for 5 or 6 days.

We had a big trile here last week.
2 of our young men was tried for
balling an talking in meeting. The
part found them, or rather they
had to find the court 45 dollars, one
20 an other 25. About the time
the verdict was set they offered their
legs for sale, an they was immedi-
ately given, an it was a sight to
see the boys run. One tuck up the
road, taller through Dave Webb's
molder, an away they went. O we
gust stood an lalled an lalled. The
constable was complain with the
mumination, an would not get about
very well, an we had to lal at him,
an as I thought of the old sayen
about a hog goin ter war, I hed to
lal the more.

A little child of Mr. Heck died
last week of diphtheria, and was
buried at the Webb grave yard.

We sympathize with Mr. an Mrs.
Webb in their sad affliction.

The Rev. Bennett, began a seri-
ous meeting at Sald hill yesterday,
an I hope brother will do plenty of
good, as he has plenty of room for
such work.

There has bin several little ha-
zards burned in the neighborhood
lately, but don't now whether they are
boys or gals, but if all boys, we do
now should they live it would be a
help to the Democratic majority, as
they belong to Thomas Rice Billy
Ratcliff, Hiram Rife, H. W. Webb,
A. B. Sargent and B. F. Twinn.

Mr. Gordon Rife, his wife and
his wife's mother, of Whites creek,
W. Va., came down on a visit
among their old friends. They will
remain here a week or 2.

least they will be made there. Mr.
Rife will devote his time to mak-
ing wagons and doing iron work.

Horse racing is the drawing card
of our bustling little village. There
were four horses entered and owned
as follows: Heavy Crockett, owned
by Jay Queen; Wild Bill, owned by
Cas Easton; Old Frank, a gray
mule, owned by Bud Fannin; Oliver
Cranwell, owned by Jim Fannin.

They were entered for Saturday,
but owing to the rain the races did
not come off till later. Judges,
Sparks and Queen. Dave Crockett
won the first heat, then Wild Bill
jumped the fence and skedaddled for
home, Old Frank out a rusty and
stomped the crowd, and Oliver
Cranwell flung his rider and struck
a bee line for Bud Fannin's white
hat, so that gentleman made him-
self scarce for a while, then Dave
Crockett kicked his heels high into
the air and the jocky went over-
board and Heavy Crockett, so the
judges got stampeded and as soon
as they can get together they will
award prizes to the winner.
